

August 17, 2022

To whom it may concern,

In 2019 the Gloversville Recreation Commission made the decision to raise funds for the revitalization of Spring Street Park. Through fundraising, community events, and sponsorships, we were able to put over \$22,000 worth of improvements to completely redevelop that park for the community. A grand reopening was held in 2021.

Elk Street Park has been chosen as our next park redevelopment project. Elk Street Park runs between East Fulton Street and Washington Street. The City recently purchased three parcels, demolished the dilapidated structures on those parcels and extended the park, tripling the space. ARPA money has been spent to grade and fence the newly expanded portion giving the Recreation Commission a blank canvas for redevelopment.

Many years ago, the Tot Lot located on Washington Street was closed down due to liability issues and was unable to reopen. It is our goal to turn this newly expanded portion of Elk Street Park into a new area for toddler and preschool aged children to be able to play and explore.

We have big dreams and ambitions for this park and need your help to make it happen for our community.

We are asking that you consider donating towards the Elk Street Park project. Please review the items included with this letter that we are hoping to be able to purchase for the park. Any equipment sponsored by you will have a plaque attached thanking you for the donation.

Sincerely,

Gloversville Recreation Commission

Donation Options:

(A plaque will be mounted on the equipment donated thanking you or your business for the donation.)

For items with multiples, please indicate total number donating.

___ Four Picnic Tables – \$250 each
(\$1,000 full sponsorship)
