

Leave a Legacy – Help Grow the Gloversville Urban Forest

You can make the difference!

Give a gift that keeps on growing!

Your donation can make all the difference in growing our urban tree canopy.

The City of Gloversville has developed a Tree Action Plan to grow and protect our city urban forest and has set aside a special account to fund this important quality of life effort.

All the money raised through donations goes into this special fund, dedicated solely to tree plantings to enhance the urban forestry programs in the City of Gloversville. 100% of all donations will go to the purchase and planting of trees.

Trees are more than just beautiful additions to urban life. They are an essential component of the ecosystem, and provide many environmental and economic benefits. They help manage storm water, reduce air pollution, sequester carbon, help save energy, increase property values, provide wildlife habitat, provide a more pleasant pedestrian experience, improve our parks and streetscapes and benefit human health.

Your donation will support tree planting all over the City of Gloversville and help us growth the next generations of our tree canopy.

Money does not grow on trees... but with the help of your donation, future generations will reap the monetary benefits provided by sustaining the City's urban forest.

To donate, please print and complete the **GLOVERSVILLE TREE PLANTING DONATION FORM**

GLOVERSVILLE TREE PLANTING DONATION FORM
